THE CREDIT MOBILIES. WASHINGTON, Jan. 8 .- The Credit Mobilier committee had ex-Governor Aley before them to-day. He was cross-examined at great length without eliciting any new facts. McComb was present with a letter from the secretary of the Credit Mobilier corporation, to the effect toat in 1869 Brooks paid for one hundred shares of stock, but at his request it was placed upon the books in the name of his on-in-law. McComb was not called to the witness stand, but will probably be

can of the firm of Duncan, Sherman & Co. New York, and Mr. Joseph Patterson, Senior, member of the backing firm of Patterson & Co., Philade'phia, appeared before the committee on ways and means this morning, in response to the investigation of the committee, and expressed their views on the subject of the refunded 6 per cent. into 5 per cent. bonds. Chairman Dawes remarked that the committee desired to have views of gentlemen of eminent financial matters, who are not at all ndentified with the operations of the socalled syndicate. The whole subject was one into at considerable length. The ubstance of opinions given being hat the effect of operation through the syndicate was to take United States bonds out of the hand of small investors where they had greatest permanency, and to put them in the bands of bankers and brokers, and large investors, and in great financial centres where they were liable to be affected by frequent fluctuations. This Mr. Duncan regarded as an evil which should be avoided, tending as it did to lessen the popularity of bonds, and to that extent depreciate the credit of the government in the markets of the world. Both gentle men coincided in this view, and also in the opinion that a better policy would be otto change at present, but to wait till the money market is in a more favorable condition for refunding the debt at a lower rate of interest. Secretary Boutwell was present at the interview.

VERNOR OF MISSOURI INAUGURATED. ET. LOUIS, Jan. 8 .- Gov. Woodson was ir augurated at Jefferson City to-isy, and read his message. During the reading thirteen guns fired in commemoration of Jackson's victory at New Orleans.

CONGRESSIONAL.

SENATE.

WASHINGTON, Jan. 8 - Senator Morton offered a resolution appropriating twenty thousand dollars to defray the expenses f the investigation to be made by the committee on privileges and elections, in to election troubles in Louisians and Arkansas, by conferting authority on persons to be selected by the committee to make investigations. Senstor Morton said it would be im-

practicable for the committee to go over the states in question, therefore it would be peressary to appoint other persons as is permitted by the resolution of the senste. Adopte 1.

Yesterday Senstor Howe asked whether there was not some doubt as to the power of the senate by resolution to authorize such a commission as the resolution proposed, with power to administer oaths and compel attendance of witnesses.

Senator Morton said the question had been raised, but he did not think there was much doubt on the subject.

Senator Ferry of Connecticut, and Conkling of New York, expressed their doubt of the power of the senate to authorize a committee to delegate its powers to

Senator Thurman said that to make the commission satisfactory to the senate and to the public, it must be composed of persons whose character would be a guaranty of good faith, and as such persons must be liberally paid, he thought \$20,000 too small a sum to pay the expenses of investigation. As to the question of authority, if necestary a bill conferring all needed authority could be passed by the time the commissionars could be found.

The motion of Senator Thurman was amended so as to authorize the commission

to have witnesses sworn by any state or United States officer authorized to admin-

ister oaths. The resolution as amended was adopted . On motion of Senstor Cole, the secretary of the interior was directed to communi-

cate any information in his possession touching the difficulties with the Modoc and other Indians in California and

Senator Corbett Introduced a bill amending the national currency. Referred. At 4 o'clock the senate went into executive session, and soon after adjourned, HOUSE.

Mr. Garfield from the committee on appropriations, askel leave to report a bill appropriating \$2,500,000 for the purchase of an addition to the site of the postoffice building at Boston. Mr. Farnsworth ofj-cted

The house then went into committee of the whole and remained in the considerati n of the legislative, executive and judicial appropriation bills,
